4.2 EMI Reference Table at 8.45% p.a.

Loan Amount	10 Years	15 Years	20 Years	25 Years	30 Years

SECTION 5: REPAYMENT AND DEFAULT MANAGEMENT

5.1 Repayment Method

All EMI payments must be made by way of Electronic Clearing Service (ECS) mandate or NACH (National Automated Clearing House) debit from the borrower's designated savings or current account. Post-dated cheques are accepted only in exceptional circumstances with prior approval from the Branch Manager.

5.2 Grace Period and Late Payment

A grace period of 7 days is provided after the EMI due date. EMI not credited within 7 days of the due date will be treated as overdue. The late payment penalty of 2% per month is applied on the overdue EMI amount for each month or part thereof that the payment remains outstanding.

5.3 Non-Performing Asset (NPA) Classification

- An account is classified as Special Mention Account (SMA-0) when principal or interest is overdue for 1-30 days.
- SMA-1: Overdue for 31-60 days. A formal notice is issued to the borrower.
- SMA-2: Overdue for 61-90 days. Recovery officer assigned. Settlement discussions initiated.
- NPA (Non-Performing Asset): Account becomes NPA when overdue exceeds 90 days. Legal proceedings may be initiated.
- Accounts classified as NPA are reported to CIBIL and other credit bureaus within 30 days of NPA classification.

5.4 Loan Restructuring and Moratorium

Borrowers facing genuine financial hardship may apply for loan restructuring or a temporary moratorium on EMI payments. Applications must be submitted at least 30 days before the due date. A moratorium of up to 6 months may be granted once during the loan tenure, subject to management approval. Interest continues to accrue during the moratorium period and is added to the outstanding principal.

SECTION 6: INSURANCE REQUIREMENTS

6.1 Mandatory Insurance

BankEase requires the following insurance covers to be maintained for the entire duration of the home loan:

- **Property Insurance:** Fire and allied perils insurance for the mortgaged property for the full replacement value. Minimum sum insured must equal the loan outstanding at any point in time.
- **Life Insurance (strongly recommended):** While not mandatory, BankEase strongly recommends a decreasing term life insurance policy for the primary borrower equal to the outstanding loan amount. This protects the family from the burden of the loan in case of the borrower's death.

6.2 Insurance Premium Payment

Property insurance premium may be paid annually by the borrower directly to the insurance company. A copy of the renewed insurance policy must be submitted to BankEase within 30 days of renewal. Failure to maintain valid property insurance constitutes a breach of loan terms and BankEase reserves the right to purchase insurance at the borrower's cost and add the premium to the outstanding principal.
